

The Comptroller, UHS, Bagalkot (Non-refundable registration fee) should be sent to the below mentioned address through surface mail or through speed post. The list of selected participants will be displayed in the cbp portal of ICAR website and University website.

IMPORTANT DATES

Last date for receipt of application : 15.10.2018
 Intimation of selection : 15.11.2018
 Last date for confirmation by the participants : 30.11.2018

ADDRESS FOR CORRESPONDENCE

Dr. Kulapati Hipparagi

Professor of Fruit Science and Head,
 College of Horticulture

University of Horticultural Sciences, Bagalkot-587 104
 Mobile:9482764920/ 6360227487
 Email: kulapati.h@gmail.com

REGISTRATION FORM

(ICAR sponsored training programme under CAFT on “Contemporary Methods of Conservation and Management of Plant Genetic Resources in Sub tropical fruit crops with special reference to grapes, pomegranate and citrus.”)
 (08th January to 28th January, 2019)

1. Full name (in block letter) : _____
2. Designation: _____
3. Present employer and address : _____
4. Address to which reply should be sent(in block letter) : _____
- Mobile: _____ Telephone _____
- e-mail : _____
- Permanent address : _____
6. Date of Birth : _____
7. Sex (Male/female) : _____
8. Teaching /Research /Professional Experience
 - a) No. of Publications during last 5 years : _____
 - b)Mention the post held : _____
9. Marital status (Married/Unmarried): _____
10. Mention if you have participated in any Summer/Winter School/Short Course, etc. during the previous years under I.C.A.R./ Other organization : _____
11. IPO/D.D.No. _____ Dated: _____ for Rs.50=00
12. Academic qualifications with details of degrees, year of passing, class/rank and institute
 Date: _____

Place: _____ Signature of the Applicant
 13. Recommendation of the forwarding Institute
 Name : _____
 Signature : _____
 Designation : _____
 Address : _____

Date : _____
 Certificate

It is certified that the information furnished by the official is verified with the office records and found correct.

Signature and Designation
 of the Sponsoring Authority

Note : Typed copies of application may be used

Sponsored by

Education Division,
 Indian Council of Agricultural Research,
 New Delhi-110 012

Contemporary Methods of Conservation and Management of Plant Genetic Resources in Sub tropical fruit crops with special reference to grapes, pomegranate and citrus.

BACKGROUND

Sub tropical fruits viz., grapes, pomegranate and citrus constitute more than 14 lakh ha area in the country. The country has got varied agro climatic conditions, which is suited for growing variety of sub tropical fruit crops. Lot of genetic variability is reported in land races, local varieties, improved cultivars, wild species and wild relatives of the majority of the sub tropical fruits. Collections, evaluation, characterization, conservation and utilization of PGR of the sub tropical fruits is very important in order to utilize the desired traits for crop improvement and to conserve the valuable germplasm for future use. The proposed sub tropical fruit crops have got potential nutraceutical values which can be documented and identified for future use. Therefore, taking into consideration the value of germplasm resources and scope, the training is very much essential to adopt the recent methods of characterization, conservation and utilization including biotechnological tools to the trainees for updating their knowledge in the field. Keeping the above aspects in view, ICAR sponsored training programme on "Contemporary Methods of Conservation and Management of Plant Genetic Resources in Sub tropical fruit crops with special reference to grapes, pomegranate and citrus" under CAFT is being organized from **08th January to 28th January, 2019 at University of Horticultural Sciences, Bagalkot, Karnataka.**

OBJECTIVES

1. To create awareness on importance of collection, characterization and conservation of plant genetic resources in grapes, pomegranate and citrus.
2. To provide training on collection, characterization and conservation of PGR in grapes, pomegranate and citrus.
3. To enrich the knowledge on application of biotechnological tools for PGR conservation in grapes, pomegranate and citrus.

ABOUT THE VENUE:

The College of Horticulture, Bagalkot was started on 7th July, 2008. This college is housed in the main campus of University of Horticultural Sciences, Bagalkot, Karnataka. The University of Horticultural Sciences, Bagalkot was established on 22nd November, 2008 for providing horticultural education, new technologies/products and effective extension services which cater to the needs of all stake holders specially farming community in the state and country. The main campus is well developed with modern infrastructure and attractive landscaping. The weather condition during January will be very pleasant with minimum temperature of 20 °C and maximum temperature of 31 °C providing better learning environment and comfortable stay for the participants.

Bagalkot is surrounded by many historical places of Chalukya dynasty. The rock-cut cave temples carved in monolithic single stone of Badami (royal capital of Chalukya's), Virupaksha temple of Pattadakal built in the South Indian style (replica of the Kailasanatha temple of Kanchi), Aihole also called as cradle of hindu architecture and described as the laboratory for architecture rather a university of Indian architecture, Kudalsangam the place where social reformist of 12th century Lord "Basavanna" lived and Alamatti dam a life line of Agri-Horti development are within the radius of 50 km. The world famous Golgumbaz of Vijayapura and UNESCO World Heritage Sites of Hampi of Vijayanagara Empire and Tungabhadra Dam are within the radius of 150 km.

FACULTY

In addition to the faculty of the university, eminent resource persons from other institutions including private organisations will be involved.

ELIGIBILITY

The training programme under CAFT is open to Teachers/ Researchers/ Extension personnel/ Technical assistants of SAUs/ ICAR institutions, Deemed Universities and Central Universities related to farm sciences working in the rank of Assistant Professor & above cadre and applicants with Master's degree in the field of Agriculture and Horticulture working in the cadre of Technical assistants in SAU's and ICAR institutes are eligible.

DURATION OF THE COURSE

The training programme under CAFT is for 21days from 08th January to 28th January, 2019. The participants are requested to arrive latest by 07th January, 2019 evening and may plan their return journey in advance immediately after 5.00 PM on 28th January, 2019.

TRAVEL AND ACCOMMODATION

Participants will be paid "to and fro" travel charges for their journey by the shortest route by rail / bus after the production of original tickets (only public transport) as per ICAR norms and restricted to maximum of II tier AC fare. Participants should give prior intimation of travel plan for local pickup from Bagalkot bus/ railway station.

Free lodging and boarding will be provided for 25 participants in the university guest house and will be served with the local dishes of North Karnataka. The local participants will be provided with lunch and inter-session refreshments only. All participants are requested to abide by the rules and regulations of UHS, Bagalkot.

HOW TO REACH BAGALKOT

Bagalkot city is surrounded by cities like Hubli, Belagavi, Vijaypur, Raichur and is well connected by road and rail. The bus facility is available from Bengaluru, Hyderabad, Mangalore, etc. Train is connected from Barmer (Rajasthan), Solapur, Secunderabad, Shirdi, Bikaner, Bangalore, Hubli, etc. The nearest airport from Bagalkot is Hubli and Belagavi located 120 kms away. The travel reimbursement will be made only as entitled in the training guidelines.

HOW TO APPLY

The interested teachers / scientists/ technical assistants should apply on-line through CBP portal <http://cbp.icar.gov.in> or click on capacity building programme under <http://www.icar.gov.in>. The approved copy along with the postal order of Rs. 50/-payable in favour of
